

Entrance and Exit Counseling for Federal Student Loans

Student must complete both entrance and exit counseling as a condition of receiving any federal loan awards. Information on these processes is available from the Financial Aid Administrator. It is Taylor Business Institute's practice for entrance interviews to be done in-person. It is Taylor Business Institute's preference that exit counseling be done in-person.

In instances, however, where personal exit interviews are not possible, the college will attempt to reach the student for online exit interviews or exit interviews that can be completed and returned by mail. Entrance and exit counseling is extremely valuable as it makes the student aware of their loan amounts, their responsibility as borrowers and their remedies and recourse should they encounter difficulties. Students with questions concerning this process should immediately contact the financial aid department at (312) 658-5100 or visit www.studentloans.gov for more information.
